

The Fish

Walk to Broadway...

Enjoy stunning panoramic views of the Cotswold countryside before descending into the picturesque village of Broadway.

Be prepared, this walk is beautiful but steep in sections.

Distance: 3.2km/2 miles

Time to walk: 30 minutes either way

The walk starts with a climb up through Farncombe Estate to join a footpath leading up to the topograph at Fish Hill. The route descends into Broadway with shops, the Gordon Russell and Ashmolean Museums and plenty of places to eat. The return is along the quiet Broadway High Street before following a lane and footpaths through fields.

Head right towards the end of The Lodge carpark where you will notice a set of steps leading into the surrounding fields.

Continue left, heading towards the next gate and continue into the subsequent field. You will notice another sign directing you to Broadway.

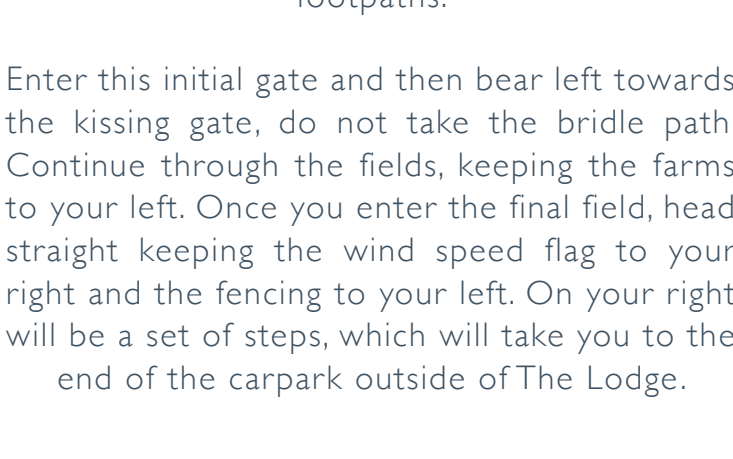

Keeping the Farm to your right, follow the public footpath and signs until you reach a small enclosure with two gates (one leading towards the bridle path and the second towards the road).

Take the gate on your right towards the road and head under the road bridge.

At the fork in the road, continue right along Bibsworth Lane with the houses on your left.

You will emerge at the top of Broadway Highstreet. Turn right and head down towards the central part of the Village.

With various shops, restaurants, bars, and pubs, we highly recommend stopping for a short while to enjoy the atmosphere and explore the village.

To return to The Lodge, walk back up the high street on the left-hand side towards where you initially emerged from Bibsworth Lane.

Follow Bibsworth Lane, keeping the houses on your right, before arriving at a forked pathway. Turn right and follow the lane which will take you underneath a road bridge. Directly opposite there will be a small gate leading to the public footpaths.

Enter this initial gate and then bear left towards the kissing gate, do not take the bridle path. Continue through the fields, keeping the farms to your left. Once you enter the final field, head straight keeping the wind speed flag to your right and the fencing to your left. On your right will be a set of steps, which will take you to the end of the carpark outside of The Lodge.
